

Title III Data Elements and Definitions

Health Promotion: Evidence-Based

Health Promotion: Evidence-Based services are considered **non-registered services**. Non-registered services are provided using Older Americans Act (OAA) funds in whole or in part for which demographic and consumer characteristics are **not** reported in the Title III New SPR. Title III-D funds can only be used for evidence-based services.

Service	Data Element	Definition
Health Promotion: Evidence-Based	Persons Served	Activities related to the prevention and mitigation of the effects of chronic disease (including osteoporosis, hypertension, obesity, diabetes, cardiovascular disease), alcohol and substance abuse reduction, smoking cessation, weight loss and control, stress management, falls prevention, physical activity, and improved nutrition. Activities must meet ACL/AoA's definition for an evidence-based program, as presented on https://acl.gov/programs/health-wellness/disease-prevention .

Health Promotion: Non-Evidence-Based

The Title III New SPR/OAAPS has a new category for Health Promotion: Non-Evidence Based services. Health Promotion: Non-Evidence Based services are also considered non-registered services; only **persons served** and expenditures are reported. Title III-D funds cannot be used for these services.

Service	Data Element	Definition
Health Promotion: Non-Evidence-Based	Persons Served	Health promotion and disease prevention activities that do not meet ACL/AoA's definition for an evidence-based program as defined at https://acl.gov/programs/health-wellness/disease-prevention . These activities may include: health risk assessments, routine health screenings, physical fitness or group exercise programs, counseling regarding social services and follow-up health services, or other non-evidence-based programming.

Title III Data Elements and Definitions
